

# 4400/4500

## Bench Platform Scale

### *applications*

- Shipping and Receiving
- Manufacturing/Warehouse
- Material Handling
- Food & Chemical Processing
- General Industrial Weighing

### *features*

- 20 to 2,000 lbs. Capacities
- 9" X 9" to 30" X 30" Deck Sizes
- 200% Overload Protection
- 4400 Steel Construction
- 4500 Stainless Steel Construction
- Type 304 SS Cover Shroud
- Adjustable Leveling Feet
- Frame Mounted Leveling Gauge
- 10 Ft Interface Cable
- Two Year Warranty

#### NTEP CERTIFIED

- 10 Through 1,000 lbs. Load Cell Capacities
- Steel (4400) or Stainless Steel (4500) Construction

### *High Accuracy Performance For Demanding Industrial Applications!*

The 4400 and 4500 Bench Platform Scales are designed to provide excellent performance under industrial conditions. These extremely durable scales are designed for general industrial applications as well as food processing and chemical environments. The 4400 Series steel platforms employ A36 carbon steel construction, while the 4500 Series platforms feature Type 304 stainless steel construction. All 4400 and 4500 Series scales include a polished 16 gauge, 304 stainless steel shroud cover. Both series incorporate integral overload protection to protect against potential damage resulting from static and dynamic/shock loading. The rugged solid plate design incorporates five mechanical overload stops. Additional protection is provided by the four shock absorbing, cushioned grip, non-scratch leveling feet. The robust Model YB Series load cells used in the 4400 and 4500 scales are crafted to the International Protection Class IP67 environmental sealing rating.

Whether you select the 4400 Series steel scale, or the 4500 Series stainless steel scale, durability and precision for the most demanding industrial applications is guaranteed.

*Innovative Measurement Solutions*

## Rugged

- Durable structural subplate/baseplate design withstands heavy industrial use.
- Integrated 200% overload stops protects the load cell from static and dynamic/shock overloading.
- All models have a polished 16 gauge, 304 stainless steel shroud cover.

100%  
CUSTOMER  
SATISFACTION  
GUARANTEED

## All Purpose

- Easy to use! Just connect to the indicator, level and weigh!
- All 4400 and 4500 Series Bench Platform Scales are shipped fully assembled!
- Quickly level the scale by adjusting the feet using a frame mounted leveling gauge.

## Highest Quality

- Weights & Measures Approved! NTEP Certified for Class III/5,000 Divisions.
- All-Structural Steel construction and premium components ensure longevity and consistent performance.

## Options

- Digital Weight Indicators and indicator stands.
- Stainless Steel and Hermetically-Sealed Stainless Steel Load Cells.

PLATFORM	INSTALLED HEIGHT	CAPACITIES	SHIPPING WEIGHTS
9"x9"	3.5"	10, 25, 50, 100 lb	18 lbs
12"x12"	3.5"	10, 25, 50, 100, 200 lb	24 lbs
